- **Comments:**  
Dear Port Colborne building inspection, I have submitted my application on August 17, 2023 along with a credit card payment that has even cleared on my end. I would like to add to my existing application the following - instead of 8 feet fence, I would like to divide the fence into 6 feet, 8 feet and 10 feet heights, that would run half way along my backyard. The reason is the quarry view that I would not want to block, and close proximity of the neighbor's decks from both sides that asks for privacy fence. Also, the grading on my back yard goes down significantly on the line of the proposed fence, therefore I would like to go 8, and 10 feet closer to the house to compensate for the slope.
