Hi Taya,

The only Regional comments to relay for the proposed Minor Variance application at 47 Louis Street is that the subject property is located within an area of archaeological potential on Schedule K of the NOP. It appears that the majority of the site has experienced disturbance due to the existing dwelling that is located on the property. As the site has been disturbed and the proposed Minor Variance is to permit tandem parking, staff offer no archaeological assessment requirements.

If you have any questions, please let me know.

Thank you,

Katie
