

Public Meeting Delegation – 242-246 West Side Road – Anna Ferrara

Hello, I am Anna Ferrara. My sister Arleen Manners and I own the house at 228 West Side Road and my brother Alan Gilday lives there.

We all do not think the apartment building should not be built and the zoning should not be changed to permit it.

The traffic in these small streets would be a nightmare for everyone. Even access to West Side Road would not help with the congestion.

A 112-unit apartment would be at least 100 cars and possibly even 200.

Thank you, Anna Ferrara

Sounds good but not only traffic congestion, will the sewers in the area have the capacity to accept the waste water from such a project. We don't want our sewers to back up. However, I seem to remember dad had a sewer check valve installed many years ago. I remember they dug up the front yard to do it. Do you remember?
