**WHEREAS** schools are often the largest, most centrally located and accessible facility in communities which make them ideal locations to host polling stations.

**WHEREAS** many school boards across the Province already work with municipalities to schedule a Professional Development Days (PD Days) on municipal election day every four years.

Almost 30% of had days within a week of municipal election day and there are a number of school boards that schedule PD Days on Mondays already. And therefore, it is possible to make arrangements for a PD Day to fall on Municipal and School Board Election Day.

**WHEREAS** school boards and municipalities can work together, to increase these rates and make it easier for local voters to cast their ballots while ensuring student safety.

**WHEREAS** partnering with municipalities once every four years to ensure that municipal and school board elections fall on a PD Day has a number of benefits to School boards, schools and the broader community including:

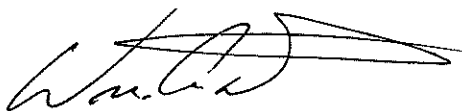

- Easing the facilitation of Election Day so that Clerks can ensure a smooth democratic process which elects school board trustees as well as local council members.
- Ensuring public health promotion and protection through more adequate physical distancing in these larger venues.
- Enhancing the principles of safe schools for both students and teachers by reducing the number of people in the school.
- Providing voters with a large, accessible location to cast their votes for their school board and municipal representatives.
