## **STATEMENT OF COMPONENTS**

### **PART A**

The Preamble does not constitute part of this Amendment.

### **PART B**

The Amendment, consisting of the following map and text changes, constitutes Amendment No. 10 to the Official Plan for the Port Colborne Planning Area.

Also attached is **PART C** – The Appendices, which do not constitute part of this Amendment. These appendices contain the background data, planning considerations and public involvement associated with this Amendment.

### **PART A - THE PREAMBLE**

#### **Purpose**

The purpose of this amendment is to facilitate the development of the subject lands, shown on the attached Schedule, as residential stacked townhouses at a maximum density of 103 units per hectare.

#### **Location**

The lands affected by this amendment are legally described as Lots 9, 10 and Part of Lot 11, Registered Plan No. 767 and Block 'A' and Part of Block 'B', Registered Plan No. 775 in the City of Port Colborne, Regional Municipality of Niagara, municipally known as 54 George Street. A detailed map of the subject lands is attached as Schedule "A" to this Official Plan Amendment No. 10.

#### **Basis**

Currently, the subject lands are designated "Urban Residential". An application has been made to initiate amendments to the City of Port Colborne's Official Plan and Zoning By-law as they relate to these lands in order to facilitate the development of 30 residential stacked townhouse units within two blocks and 38 surface parking spaces. The proposed density is 103 units per hectare.

The proposed development provides an opportunity for commercial areas to be strengthened through the introduction of residential uses, meet the municipality's intensification target of 15% and maximize the efficiency of existing infrastructure as outlined in 2.4.3 of the Official Plan. The design of the proposed development is in a manner that is compatible and will limit impact on the existing neighbourhood to the south and west.

It is intended to concurrently approve an Amendment to the City's Zoning By-law 6575/30/18, rezoning of the lands from the existing "I - Institutional" zone to "R4-66" being a site-specific special provision of the Fourth Density Residential (R4) zone.
