Mayor Bill Steele and Council
City of Port Colborne

Dear Mayor Steele:

In these troubling times I must act on a personal, and perhaps rather trivial matter.

I need city council's help in getting my old antique motorboat into "slip 13" once again this year. I am prepared to pay \$900^{xx} for the season to berth my classic, 1953 red cedar runabout in the pristine calm and secure water of Port Colborne Marina.

However, Mr. Blair Holinaty has informed me that the city is unwilling to accept four post-dated cheques from this old retiree, who lives below the poverty level but has never bounced a cheque in Port Colborne in the last 20 years of my residence here and

Hilroy

(2)

I paid last season's slip fee with
up front cash, and four (4) post dated
cheques. Everything worked out well.

Mr. Mayor, I have used Port Colborne
Marina for close to the last 20 years.
I have had work done in the shop, bought
gallons of paint, varnish, and other supplies,
at the store and paid yearly launch
fees.

Sir, I need to get a slip. I am
too old to be an "in and out" launch
customer, so I am asking for help getting
my old beauty back in Lucky Slip 13.

Would you please help me?

By the way I am more than pleased
with the cleaner, and seemingly better-run
marina which I have recently observed.

Mr. Holinaty took time to explain
the New Order, and suggested I appeal to
you and council.

Best regards,
Hilroy Mike
