Mayor Bill Steele and City Council
City of Port Colborne

Dear Mayor Steele:

Should I expect a reply to my letter to you and council or should I just forget about my appeal to you in my correspondence of May 17??

I also can, of course, be reached by my old-fashioned telephone.

The city either trust my loyalty and wishes my \$900^{xx} or the city does not. Your choice.

My old fraternity brother William Thomas received a well-deserved key to the city just wish to rent a few gallons of water.

Please do the right thing. Win-win.

Best regards,

Mike
