

To Whom It May Concern

Traffic issues such as speeding and racing to beat the Intersection lights on Main and Elm have created many dangerous encounters between Pedestrians and Cars. Truck and Transport traffic has increased noticeably on Elm Street and Trucks are using Air Brakes in areas where they should not be used.

Many children live along Elm Street and many parents who were spoken to as I went door to door for this petition told me they don't allow their children to play on the front lawns of their homes due to dangerous driving and speeding.

This petition was started in the hopes that it may lead to change for the residents of Elm Street.

Thank-you

Janet Oram

780 Elm Street #215

Attention City Council

The residents of Port Colborne who live on Elm Street are asking City Council to lower the speed limit on Elm Street and to divert Industrial Truck traffic away from the Main Street intersection and to look into ways to limit vehicle speed on our street.
